

## HAMAS AFFILIATE IN BOSTON

You've seen the anti-Israel rallies on the streets of Boston:

Do you know who's behind them?

In Boston and around the country, anti-Israel rallies are being organized by a radical left/Islamist axis. In the greater Boston area, A.N.S.W.E.R. – the Marxist *Party for Socialism and Liberation's* protest organ – and the Hamas-affiliated Muslim American Society (MAS) have promoted multiple events:

- Nightly vigils in Harvard Square / Demonstrations in Coolidge Corner/ Watertown Square / Roxbury Crossing / Copley Square / Israeli Consulate
- It's more than just protests: On Saturday, January 17<sup>th</sup>, MAS will host a fundraiser at its Roxbury mosque for Islamic Relief Worldwide, a charity known to have transferred money to HAMAS causes.

*Israeli Prime Minister's Office Communiqué, 05/29/2006: "Islamic Relief Worldwide's activities are carried out by social welfare organizations controlled and staffed by Hamas operatives. The intensive activities of these associations are designed to further Hamas's ideology among the Palestinian population."*

MAS, which took over the largest mosque in New England, supports HAMAS. It has long-standing organizational, leadership, and financial ties to HAMAS. It is important to remember that these ties reflect the radical nature of the MAS leadership, *NOT* the historically moderate Muslim community in the area.

- Both MAS and HAMAS are branches of the Muslim Brotherhood.
- MAS leaders have raised funds for HAMAS-affiliated charities.
- According to FBI evidence, MAS Boston President, Hossam Al Jabri, was a large donor to the recently convicted HAMAS charity, Holy Land Foundation.
- MAS founder and Roxbury mosque Trustee, Jamal Badawi, is an unindicted co-conspirator in the Holy Land Foundation trial.
- MAS has defended virtually every Islamist terrorist indicted by the US Government, including Sami al Arian, the Holy Land Foundation leaders, and Abdulrahman Alamoudi.

## HAMAS AFFILIATE IN BOSTON

**The Jewish community needs to understand that what is really happening is more than a few anti-Israel demonstrations.**

We are experiencing the impact of the radicalization of the previously moderate Muslim community of Boston. This radicalization is financed by Saudi Arabia and ideologically driven by the Muslim Brotherhood – the global Jihadist organization which guides both Hamas *AND* the Boston branch of the Muslim American Society (MAS). MAS is the new face of the Islamic Society of Boston (ISB), the owner of the largest mosque in New England.

This ominous development is mostly hidden from the public by a reluctant media, which has been silenced through costly defamation lawsuits by the ISB. Since then, only the *Boston Phoenix* (Google “*Menino’s Mosque*”) had the courage to report on the situation. The greater Boston community is not aware of MAS ties to radical Islam. This has allowed MAS to attract support from Boston’s political and civic leadership – including Mayor Thomas Menino, Massachusetts Governor Deval Patrick, and some of Boston’s interfaith organizations.

**These emerging realities need to be factored into our strategy and actions. We cannot win this struggle if we only continue to operate in a reactive mode, responding to their initiatives and agenda.**

**We must do more than just counter-demonstrate at anti-Israel protests:**

- **Our strategy should focus on educating the public about the threat radical Islam poses to the American Jewish community and civil society, while actively reaching out to truly moderate Muslims in the Boston area.**
- **We need to emphasize that HAMAS is a genocidal organization which openly admits that it wants to exterminate all Jews. The Jewish community must make it clear to Boston’s civic leaders that anyone who supports HAMAS is supporting genocide.**
